

# INTRODUCING INTELLIFLEET

## A Unique Fleet Management Solution

The intelligent way to manage your entire fleet at the lowest total cost of ownership.

### TASKI Costs Less to Manage

TASKI IntelliFleet is a customisation fleet management solution that enables you to purchase top of the range machines at the lowest total cost of ownership.

Big cost savings – and cost certainty – in every step of the lifecycle.

The TASKI IntelliFleet solution is a tailor-made fleet strategy that will help you manage and reduce ongoing expenses. TASKI IntelliFleet solution provides an innovative, cost-efficient solution every step of the way.

### TASKI Is Full of Intelligent Solutions

**INTELLIDOSE**  
Dilution control system delivering accurate dosing for any task.

**INTELLIFLOW**  
Application Control System reduces water consumption by up to 50%.

**INTELLIDRY**  
Our patented V and W squeegees deliver best in class water pick-up ensuring dry floors the first time.

**INTELLIPICKUP**  
Easy pick-up of small items reduces hose blockages.

**INTELLIPAD**  
An All-In-One clean and burnishing pad provides even more efficiency.

**INTELLIPOINTS**  
Yellow maintenance points make daily cleaning simple and easy.

**INTELLIDESIGN**  
Ergonomic designs and logical controls reduce fatigue and minimise the need for training.

**INTELLITRAIL**  
Protect your investment by managing your entire fleet remotely.

**INTELLIBOT**  
Hands Free Cleaning at the push of a button. Now that's true multi-tasking.

It all revolves around making your job easier! Combine products, service and financial flexibility for a fully integrated solution to improved operational efficiency.

# INTELLIFLEET

## 4 Steps To Lowest Total Cost of Ownership

Improve operational efficiency even more with integrated Building Care Solutions by Diversey

- + CLEANING PRODUCTS
- + TOOLS
- + EQUIPMENT
- + SERVICES

### 1. ELECTRONIC SITE SURVEY AND MACHINE SELECTION

We send in the experts to assess your existing program and compare it with your actual machine requirements. With your goals in mind, TASKI® experts use simulators and industry knowledge to determine the right machine(s) for your business needs.

### 2. FINANCIAL FLEXIBILITY

Every customer has their own unique circumstances, which is why we provide a variety of financial options:

#### Outright Purchase

Buying machines for cash sale.

#### Financial Lease

Buying machines on a financial payment plan for an agreed period of 3-5 years. At the end of this period, you will own the machines.

#### Operational Lease

Rent a machine for 3-5 years. At the end of the term, purchase options will be available to you.

#### Machine Transition

If you wish to replace your entire machine fleet with TASKI auto scrubbers, we will remove existing machines. In some cases, a trade-in credit may be available.

### 3. IMPLEMENTATION, OPERATOR TRAINING AND ONGOING SUPPORT

We will deliver your TASKI auto scrubbers ready for use to your site including batteries and accessories. On-site training will be provided to ensure full operator understanding of the ease-of-use and low maintenance of TASKI auto scrubbers.

TASKI service packages are designed to meet the varying needs of customers.

#### Gold

Covers all service, maintenance and breakdown costs arising from normal usage ensuring continuity of machine use and ultimately eliminating unplanned costs from your bottom line.

#### Silver

Coverage includes a preventive maintenance program.

#### Bronze

Includes basic warranty and pay-as-you-go maintenance costs.

### 4. FLEET MANAGEMENT

Track, monitor and manage your fleet remotely with IntelliTrail. Gain real time visibility through big data to measure usage, locate machines, right-size your fleet, and improve your ROI while mitigating risk. Get alerts when machines are involved in crashes, have low battery life, and are over or underutilised. Take control of your fleet.
